

## Ministry On The Move

### **Aglow International Canada's new office space!**

This is a place to administer Aglow in Canada but more especially it is a place to connect with the people of the community. During the International conference in Louisville last fall Asher Intrater prayed over Jane Hansen Hoyt and the worldwide ministry of Aglow.... *"And I want to give you the End Times mantle of Joshua, that you will take dominion over this planet. That you will go out and repossess the earth, that you will take dominion over it in the authority and in the name of Yeshua, Jesus...* By leasing office space in Lindsay Ontario, Aglow International Canada has taken a significant step towards becoming further established in the land, towards occupying in a more tangible way, towards, as Asher prayed 'taking dominion and repossessing planet earth'. The National Team believes that this office will be a prototype of Aglow taking its place and impacting Canada for God's Kingdom, occupying until He comes!

## Tips for Terrific Teams

**TRUST** lies at the heart of a great team! Trust is the confidence that each member of the group has good intentions Teammates must get comfortable with being vulnerable with one another. A team that trusts appreciates and taps into one another's skills and experiences and they take risks in offering honest feedback and assistance. A trusting team enjoys being together, often. Remember trust on a team must begin with trust in our Heavenly Father. Proverbs 3:5-6 *"Trust in the LORD with all your heart and lean not on your own understanding; in all your ways acknowledge Him, and He will make your paths straight."*

## Nanas to Newborns!

### **This Aglow bible study spans the generations.**

These women would all agree, the generations were meant to walk (loving, learning and laughing) together.

We would love to hear about Aglow in your community. Send your pictures and stories to [info@aglowcanada.com](mailto:info@aglowcanada.com)
